

# City of Olive Branch Roadside Rubbish Guidelines

Tree limbs and acceptable rubbish must be cut to 6 feet in length or less.

If possible, pile limbs stacked in the same direction.

Leaves, grass, mulch, tile, or dirt must be bagged or boxed by the homeowner for the City to implement curbside rubbish pickup.

City curbside rubbish pickup service is not able to collect garbage, recycling or hazardous waste.

Please place acceptable debris in one pile on the yard side of the curb, but close enough that the City boom truck is able to reach it from the street side.

For safety reasons, when placing acceptable debris on the curbside, be mindful of the height of surrounding power lines and tree limbs as well as surrounding structures such as cars, mailboxes, street signs, light poles, etc.

The City rubbish truck are not able to pick up debris under low power lines or tree branches or items within five feet of structures.

Be aware of hills and other traffic safety hazard areas. Place acceptable debris in a flat, safe area.

It is the homeowner's responsibility to ensure that the curbside rubbish debris is appropriately separated so that it can be picked up.

The City does not pick up for commercial businesses or property such as tree contractors or apartment complexes.
